SECTIONALISM CRY REACTS ON HUGHES

G. O. P. Candidate Is Mocked by Record of His Own Party.

LAWS ENACTED ARE FOR ALL

On Its Achievements Administration Invites Judgment as to Whether Its Work Is Sectional or National in Its Scope and Purpose—Legislative Record Set Forth.

Charles E. Hughes has raised the cry of sectionalism, complaining to his western audiences because the important committee chairmanships in the house and senate have been filled—this being due to seniority promotions—by southern members.

"During the last years of Republican control there was not a committee chairmanship from the south," replies Congressman James B. Aswell in his speech reported in the Congressional Record. "Was that nationalism or blind ignorant partisanship?" he asks.

"Let the people decide," he suggests, "whether the following great measures enacted by this so-called south controlled congress are sectional or national:

"The Underwood Tariff Law, just to the consumer as against the special privileged class, followed by a non-partisan tariff commission removing the tariff question from politics.

"The Income-Tax Law, causing the rich to pay their just proportion of the expenses of the Government.

"The Rural Credits Law, the first legislation solely for the farmers.

"The establishment of rural routes, the extension of the parcel post and better mail service for our rural population.

"The Good-Roads Law for all sections and for all our people.

"Farm-extension laws, including Smith-Lever Act, grain and cotton standards, regulating cotton futures, and so forth.

"Numerous just labor laws, the most beneficial in a century by the American Congress.

"The Child-Labor Law for the children of the whole country and for civilization.

"The Federal Reserve Act, giving an elastic currency and preventing financial panics—the greatest act ever passed in the history of our Government.

"Conservation acts for the people as against special interests.

"Anti-trust laws and arbitration laws, preventing special-interest control.

"Shipping act for open markets for our products and commercial mastery of the seas.

"Federal Trade Commission Act, protecting the individual as against the vested interests.

"The Seamen's Law for the workmen and public safety.

"Legislation supporting the President in keeping us out of the European war while maintaining peace with honor to the American flag.

"Mr. Speaker, for the sake of the great dignity of the high office he seeks and in the name of common decency, let Mr. Ex-Judge Hughes specify and name the sectional measures in the above list and mention those he would repeal."

FOR SERVICES RENDERED, NOT FOR PROMISES BROKEN.

I do not doubt that the people of the United States will wish the Democratic party to continue in control of the government. They are not in the habit of rejecting those who have actually served them for those who are making doubtful and conjectural promises of service. Least of all are they likely to substitute those who promised to render them particular services and proved false to that promise for those who have actually rendered those very services.—From President Wilson's Speech of Acceptance.

MOOSE REVOLT IN CONGRESS

Representative Mays, Utah Progressive, Speaks For Wilson.

Representative James H. Mays of Utah, in a speech delivered in congress Aug. 23, announced his intention of voting for President Wilson. He left the Republican party because he found it to be the servant of special interests and became one of the founders of the Progressive party. He appealed to Progressives to be true to themselves and refuse to be betrayed to the Republican party.

"I want to compare," he stated, "the demands of the Progressives with the actual performance of the party now in power. If it can be shown that the essential principles enunciated by that platform have been crystallized into legislation and if the Progressives were sincere enough in their profession of interest in the supreme needs of the nation to care more for their country and for its people than for any party's success, then they will sustain the administration, lest their refusal to do so might cause the beneficial legislation to be repealed."

He took up the Progressive platform of 1912 and showed that the Wilson administration has enacted practically all the Progressive demands into legislation.

Progressives, he insisted, should support the party that has been tried and found true. The representatives of "the interests," he said, ruled the Republican party in 1910 and 1912 and "rule it now with even more assurance and arrogance."

Representative Mays said he had determined to join the Democratic party "because the obituary of the Progressive party seemed only postponed for trading purposes and because not a solitary ray of hope appeared of remedial legislation from the Republican party in the interests of the people and because the Democratic party, under its leader, the president, had been offering a convincing proof of its sincere interest in the general good by putting on the statute books a program of wise and wholesome legislation."

From the Hughes Lexicon. SECTIONALIST—Any one who was born or reared or is kin to any one born or reared south of Mason and Dixon's line.

BROADLY NATIONAL—Government by and for the benefit of the business interests of the northeastern section of the United States.

IGNORANT OF THE BUSINESS OF THE COUNTRY—Any man who is not a high protectionist vassal of the tariff barons.

COVER INTRIGUE—Wilson diplomacy.

OPEN AND ABOVE BOARD—Roosevelt consulting the Panama "rev. olution" and Harrison aiding the sugar barons to seize Hawaii.

INEFFICIENT—Any one who ever voted for a Democrat, especially if he were a southern Democrat.

PREPAREDNESS—A "reasonable" standing army (not taken from civil life) and keeping the national guard at home to do police duty in quelling strike riots.

AMERICANISM—Angling for the votes of the hyphens.—Baltimore Sun.

INJURIES

NOT SERIOUS, ALTHOUGH AUTO RAN OVER HER

Mrs. Murphy Knocked Down By Car Backing Out Of Garage—Hip Dislocated

Fredericktown, Sept. 12—Mrs. Ellet Murphy, who lives about two miles west of here on the Chesterville road, was painfully injured Saturday afternoon when struck by an automobile which Mr. Murphy was backing from the garage.

Mrs. Murphy was standing near the door of the garage and was struck by the fender of the machine and knocked down. Both wheels of the machine passed over her prostrate body. She sustained a dislocation of the right hip and the index finger of her left hand was broken. At first it was thought that she had sustained internal injuries, but examination by a physician failed to show that there were any. Monday she was reported to be resting comfortably.

Mitchell McIntyre returned Tuesday to his home in Mt. Gilead after spending several days in this city in the interests of the Ohio Fuel Supply Co.

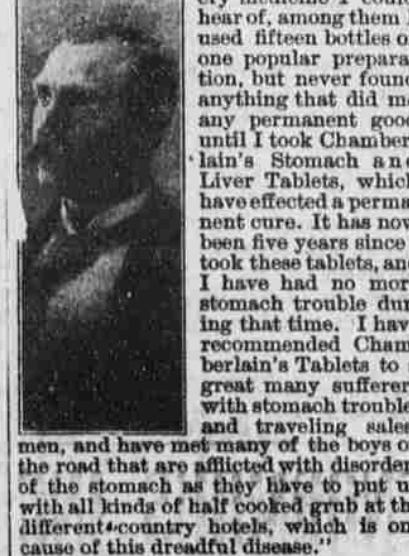

Made My Life Worth Living

"I feel it my duty to tell others what Chamberlain's Tablets have done for me," writes Mrs. L. Dunlap, of Oak Grove, Mich. "I have suffered with pains in my back and under my shoulder blade for a number of years, also with a poor appetite and constipation. I tried all of the remedies that I heard of, and a number of doctors, but got no relief. Finally a friend told me to try Chamberlain's Stomach and Liver Tablets. I got a bottle of them and they soon helped my stomach; by their gentle action my bowels became more regular. Today I feel like praising them to all who suffer as I did, for they have cured me and made my life worth living."

A Traveling Man Cured

P. B. Counterman, a traveling man of Joplin, Mo., writes: "Twelve years ago I was a great sufferer from stomach trouble. I tried nearly every medicine I could hear of, among them I used fifteen bottles of one popular preparation, but never found anything that did me any permanent good until I took Chamberlain's Stomach and Liver Tablets, which have effected a permanent cure. It has now been five years since I took these tablets, and I have had no more stomach trouble during that time. I have recommended Chamberlain's Tablets to a great many sufferers with stomach trouble, and traveling salesmen, and have met many of the boys on the road that are afflicted with disorders of the stomach as they have to put up with all kinds of half cooked grub at the different country hotels, which is one cause of this dreadful disease."

GOOD NEWS for STUTTERERS

Speech Troubles Now Ended By a Simple Method Discovered by a Farmer's Son

AFTER stuttering and stammering for twenty years, Benj. N. Bogue, son of an Indiana farmer, discovered and perfected a simple method by which he quickly cured himself. His speech troubles ended and he never stammered or stuttered again. One of those who knew Mr. Bogue in the days he stuttered so badly was Hon. Hervey D. Vories, formerly Indiana Superintendent of Public Instruction. The cure was so marvelous that Mr. Vories suggested that the greatest life service Mr. Bogue could render was to help others afflicted as he had been.

It is the one delight of Mr. Bogue's life to tell stammerers and stutterers how they too can be cured. He is willing to help any one who has suffered the embarrassment and knows the handicaps of the stammerer. An announcement like this one is the only way he has of quickly reaching large numbers of those afflicted with stammering, and he has taken this method to reach stammerers everywhere.

Mr. Bogue requests that you send him no money—just enclose a stamp in your letter if you wish, for the letter he will write you. State in your letter, your age and how long you have been afflicted with speech troubles. If you do not stammer, you will be doing anyone a favor who has this awful affliction, if you will mail his or her name and address to Mr. Bogue. It costs you nothing and you will be under no obligations.

Mr. Bogue gladly writes promptly to anyone afflicted with stammering or stuttering and sends them full information as to how they can be quickly and permanently cured. Address Benj. N. Bogue, 1175 N. Illinois Street, Indianapolis, Indiana.
